

Tosmia Islam Nishat

Software Engineer

I'm a Tosmia Islam Nishat. I have completed BSC from North South University. Also I got chance in a government fully funded intern which was Full Stack Web Development in PHP with Laravel Framework from BESIS – BITM/SEIP. I have been working with OOP and MVC with Laravel for a couple of years. I know Laravel CRUD operations and have a great knowledge on how to make a website fully dynamic with the dashboard.
